Imperial Series

This group of Excelon Tile patterns is well-suited to heavy-traffic commercial interiors such as entrance lobbies, corridors, and shopping malls. Three interesting designs are included, offering a wide choice of colors ranging from warm to cool, from muted to bright. Color and pattern detail are dispersed throughout the thickness of the tile; they will last the life of the floor.

Feature Tile

A wide selection of bold solid-color tiles used for accents. They are not recommended for floor field.

Form/gauge: 12″ x 12″—⅛″ gauge

Approx. installed price:
Group I—per sq ft—$.70/$.85
Group II—per sq ft—$.85/$1.00

Recommended load limit: 50 lb per sq in.

Durability: superior

Resilience: fair

Quietness: acceptable

Maintenance: These solid-color tiles have been created expressly for use as accent spots with other ⅛″ gauge Excelon stylings. They are not recommended for an entire flooring field because, like plain-colored floors of any composition, they tend to show scratches and soiling more readily than patterned materials.

Feature Strips

All colors shown here are available in Feature Strips (1″ x 24″) for custom floor design. Feature Strips are identified by changing the first two digits from 56 in Feature Tile (56)790 to 50 for Feature Strip (50)790. Feature Strips available in both ⅛″ and service gauges.
